Your business has been selected to join Powered Access Partnership

How would you like free access to a UK wide directory that will help you locate likeminded companies and logistical support business in an area of the UK less familiar to you?

We are pleased to advise that there is a new partnership, only available to good quality access providers, across the UK, with a minimum endorsement of IPAF Rental Plus.

The aim of the Powered Access Partnership (P.A.P) is to build an association of independent suppliers of access, IPAF Training and logistical support in a website directory that will become essential to those looking for similarly minded companies for rehire, hire and other support services.

P.A.P. will break the mould of the two associations currently acting like a “cartel” refusing access to good quality businesses on the grounds that “We already have a company in your area?” How many times have you heard this, or “Sorry we do not have a space for your business at this time”

The aim is to offer a directory for each area taken up with entries, for each town or city. A directory that can be used by anyone, hire firms looking for other members for rehire (with confidence that the unit will be in good order and delivered on time.) A directory that end user buyers can access for the same reasons.

An early version of the website can now be seen in its construction phase www.pap.uk.com where you may find the following.

- *Access to quality audited independent access hire businesses.
- *Access to IPAF registered Training centres and independent training providers.
- *Access to good manufacturers and quality used equipment dealers who wish to associate with the membership.
- *Access to UK wide logistical support services from specialist engineers with invaluable experience in the service of MEWPS. Haulage companies with drivers who are IPAF Pal Card holders, who will move your platforms safely, with confidence.
- *Access to extremely competitive providers of insurance services to the hire industry, in particular the hire of powered access machinery.

Please note that registration is completely free for your business and you can claim your free insertion by contacting admin@pap.uk.com

You can if you wish choose to advertise your business by taking up additional space on your town, city page of the website. These cost only £125.00 per year plus Vat.

Members have access to the following:

- Sign up to our members guaranteed hire rates list. Rates you can expect to pay for hire and count on every time.
- Book an IPAF training manager for training at fixed rates and skip those inflated prices often quoted by companies who should know better.
- Our network of suppliers who are ready, waiting and equally determined to give their best in all aspects of their businesses.
- Have access to our recommended expert providers of bespoke website builders.
- Save money, receive a competitive quote from the UK's leading access fleet insurance brokers.
- Coming soon. Use the support services of Credit Safe to check the credit worthiness of new potential clients. Add to this by developing your / our own early watch service of those clients who do not pay.

The future direction and success of this organisation is in the hands of all those who choose to grow their businesses and contribute to it.

Ideas and suggestions as to its further development are welcome. Contributions and comments to the following email address.
